FREE SAMPLE / ONE MISSION, NOT THE FULL GAME

The Clockwork Jungle

TRY THE ADVENTURE

Tiko the clockwork toucan is preparing the birthday canopy concert, but the greenhouse machine has stopped. Restore six workshop records, find the right restart word and bring the paper jungle back to life.

FOR THE ADULT

Ages 7-8 with adult support. Print page 2 for the children; keep page 3 as your answer key. Bring a pencil and scrap paper. Read the rule aloud, invite discussion and offer hints freely. This sample works without music or colour.

WHAT IS IN THE FULL PACK?

Six connected missions, the team record, a finale, host guidance, progressive hints, worked answers, invitation and certificate. Both A4 and US Letter PDFs plus optional original MP3 music. Available at birthdaymission.com.

First edition: age fit and playing time have not yet been tested with families. Try this page to judge the fit. Ignore the team-record instruction in this standalone sample.

MISSION 01

The balance workshop

Two identical nuts weigh 6 units together. One nut and one bolt weigh 7 units together. What does ONE bolt weigh? Every nut has the same weight.

WORKSHOP RECORD	TOTAL WEIGHT
NUT + NUT	6
NUT + BOLT	7
BOLT	?

Draw or write your working. You can split the six units into two equal groups first.

Show how you know. After the adult checks it, write your answer in box 1 on the team record. Hints count too.

ADULT ONLY / KEEP SEPARATE

Sample answer & hints

FIRST NUDGE

Start with the two identical nuts.

SECOND NUDGE

Split 6 into two equal groups; then compare with 7.

ANSWER & REASONING

Each nut is 3. A bolt is 7 - 3 = 4.

AFTER THE SAMPLE

Ask which clue helped and whether the crew would enjoy more puzzles. Offer help without penalty. The full story continues through six missions and a connected finale. This sample includes only mission 1.
